

DERMATOLOGIST DR. ANDREW RACETTE JOINS SUN CHLORELLA USA'S HEALTH & SCIENCE ADVISORY BOARD

TORRANCE, Calif., June 15, 2010 — Sun Chlorella USA, a leading provider of premium chlorella green food products, confirmed today that Andrew Racette, D.O., will serve as a dermatology expert for [Sun Chlorella USA](http://www.sunchlorellausa.com)'s Health and Science Advisory Board. Dr. Racette's expertise in natural, preventative skin treatments makes him an ideal candidate to speak on the anti-aging and regenerative effects of the company's newly formulated skin cream, set to launch this summer.

"I am truly honored to be associated with Sun Chlorella USA. With a nutrient density that is unmatched by any other whole food supplement I have encountered, Sun Chlorella is by far the only superfood I recommend," remarked Dr. Racette. "The Chlorella Growth Factor component of Sun Chlorella works so well orally and to now have that in a topical cream is a real breakthrough."

As a board-certified osteopathic dermatologist, Dr. Racette provides a comprehensive approach to treating a range of skin disorders. His dedication to dermatological research has led him to present at the American Academy of Dermatology and be published in the Journal of the American Academy of Dermatology (JAAD). Dr. Racette holds a medical degree from Midwestern University: Arizona College of Osteopathic Medicine and completed his residency at Midwestern University Phoenix Dermatology. In 2008 he founded his own practice, Omni Dermatology, where he specializes in MOHS Micrographic surgery, advanced aesthetic surgery including complicated flaps and skin grafts, as well as cosmetic dermatology.

"Dr. Racette's extensive knowledge in both traditional dermatology and alternative treatments makes him a perfect addition to our Advisory Board," said Rose J. Straub, Sun Chlorella USA vice president and chief operating officer. "His ability to articulate chlorella's impact as a topical antioxidant and its cell rejuvenation properties will be helpful as we work to educate health- and beauty-conscious consumers."

For more information about Sun Chlorella USA, its DYNO[®]-Mill processing method and its line of superior products, visit www.sunchlorellausa.com.

About Sun Chlorella USA:

Sun Chlorella USA is a privately owned developer and manufacturer of premium chlorella products. Sun Chlorella Corp. holds the patent on the DYNO®-Mill pulverization processing technique, setting its chlorella offerings apart from all others on the market in terms of purity and digestibility. Its flagship Sun Chlorella “A” tablets are available at The Vitamin Shoppe and other health food retailers, as well as online at www.sunchlorellausa.com.
