

**Introducing a New Improved Way to Get Your Daily Serving of Sun Chlorella
NEW Sun Wakasa Gold Plus™ and Sun Wakasa Honey Plus™**

Torrance, CA, June 24, 2011 - Sun Chlorella USA is proud to announce the launch of their newest products - **Sun Wakasa Gold Plus™** and **Sun Wakasa Honey Plus™**.

At Sun Chlorella USA customer satisfaction is always a top priority; which is why there have been some changes made to the product as well as the packaging. Sun Chlorella USA takes the comments of their customers seriously. This new formulation was developed in response to customers' requests for a more concentrated CGF supplement in a smaller bottle.

Concentrated Chlorella Growth Factor (CGF) supplement even in relatively small amounts helps boost the immune system and assists in cellular reproduction and repair, to an extent not previously found in any other food. The new **Sun Wakasa Gold Plus™** contains 32% more CGF per serving and **Sun Wakasa Honey Plus™** contains 15% more CGF per serving than the **current Wakasa products**.

About the New Packaging:

The original bottle was 32 ounces; however, many customers requested a bottle they could fit in their refrigerators and were easier to handle. The redesigned 17-ounce bottle of Sun Wakasa Gold Plus™ maintains the original ingredients unique to this product and adds a special propriety blend of capiscum extract and riboflavin. The new cap was selected with customers in mind. Its spill proof design ensures a perfect pour every time.

About New Sun Wakasa Gold Plus™

The **New Sun Wakasa Gold Plus™** contains Capsicum Extract which is a proprietary blend of cayenne and chili pepper extract, which aids in digestion without ever giving a "hot" feeling during consumption.

Sun Wakasa Gold Plus™ contains lemon

Sun Wakasa Gold Plus

Sun Wakasa Honey Plus

Sun Chlorella's Line of Products

essence, Riboflavin -also known as B2, Folic acid -also known as B9, Lemon Essence and 32% more CGF than the original Wakasa Gold.

Riboflavin is important for body growth and assists in red blood cell production. It helps in releasing energy from carbohydrates, and is a water-soluble nutrient.

Folic Acid is crucial for proper brain function and plays an important role in mental and emotional health. Like all B vitamins, it helps the body convert food (carbs) into fuel (glucose), which is "burned" to produce energy. It helps produce and maintain new healthy cells.

Sun Wakasa Honey Plus™ contains: Honey, Plum essence, 15% more CGF than the original formula of Wakasa Honey.

Both Sun Wakasa Gold Plus™ and Sun Wakasa Honey Plus™ will be available for purchase in July 2011 at www.sunchlorellausa.com.

For the perfect healthful drink, mix either **Sun Wakasa Gold Plus™** or **Sun Wakasa Honey Plus™** with tea or juice. The Honey Plus is just as good as the Gold Plus with a simply sweeter taste.

More About Sun Wakasa Plus™:

Sun Wakasa Plus™ is a liquid concentrate from the nutrient rich nucleus of the chlorella plant. Sun Wakasa Plus™ is formulated for more effective absorption of Chlorella Growth Factor by the body. Sun Wakasa Plus™ is a premium product perfect for mixing with your favorite juice, or smoothie. Sun Wakasa Plus™ contains vitamins, minerals, nucleic acids amino acids, polysaccharides, and beta glucans. These nutrients support the immune function by helping cells in respiration and healing.

Sun Wakasa Plus™ provides:

- Natural support for your immune system and overall health
- Strong defense against the appearance and effects of premature aging
- Increased energy levels

About Sun Chlorella:

Chlorella is green alga considered to be one of the most powerful healing foods on earth known as "Nature's Perfect Superfood®". The exclusive Sun Chlorella strain of chlorella pyrenoidosa is a superfood derived from freshwater single-celled green alga, and is packed with naturally occurring key vitamins & antioxidants including: vitamin C, pro-vitamin A (beta-carotene), chlorophyll, lutein, thiamine (B1), riboflavin (B2), pyridoxine (B6), niacin, vitamin B12, vitamin D, certain minerals including: phosphorus, calcium, zinc, magnesium, and iron; protein, dietary fiber, nucleic acids, omega fatty acids, and Chlorella Growth Factor (CGF).

Containing more than 100% of the suggested daily value of Vitamin D and B12 in one simple form, Sun Chlorella can help build a healthy defense system. Sun Chlorella can aid in balancing the body's pH and can help maintain blood sugar and blood pressure.
