**SUN CHLORELLA “A” TABLETS SUPERFOOD  
SUPPLEMENT AVAILABLE AT SELECT  
WHOLE FOODS MARKET® STORES**

*Chlorophyll-rich Product Available Nationwide at Natural Grocery Chain*

TORRANCE, Calif., Dec. 15, 2009 —Sun Chlorella USA, a producer of premium chlorella green food products, has confirmed its “A” tablets are available at select Whole Foods Market stores, the world’s leading natural and organic foods grocery chain.

Whole Foods Market’s quality standards provide a rigorous approval process to ensure customers that the brands they carry are healthful, efficacious, properly labeled and free of artificial colors, flavors, sweeteners and hydrogenated oils. Whole Foods Market also encourages its vendors to use plant-based and naturally derived ingredients, properties Sun Chlorella is committed to with its raw material sourcing and minimal processing.

“Sun Chlorella’s presence on Whole Foods Market’s shelves is approaching 70 percent of the 275 U.S. Whole Foods stores,” said Rose J. Straub, Sun Chlorella USA Vice President and Chief Operating Officer. “We are pleased our consumers can find our flagship ‘A’ tablets at a premier, natural and organic grocery chain, and that those looking to take an exceptional green food product can be assured they are receiving a top-quality, pre-screened supplement.”

**More About Chlorella and Sun Chlorella “A” Tablets:**

Chlorella are fresh-water green algae that contain the highest chlorophyll content of any known plant, as well as exceptionally high concentrations of essential vitamins, minerals, dietary fiber, nucleic acids, amino acids and enzymes. Sun Chlorella “A” tablets are produced using the company’s patented pulverization process, which results in superior nutrient absorption.
